

## PC-cillin™ Internet Security 2007

Home and Home Office

Home Protection  
for up to 3 PCs

**Trusted by millions of customers  
to protect their identity, privacy and irreplaceable files.**

***Stay Connected. Be Protected. Everyday, everywhere.***

Trend Micro Internet Security and TrendSecure™ comprehensively safeguards your computers, home networks and personal identity. Email, shop, share pictures, bank, and instant message, confident that this award-winning security software helps prevent malicious attacks and reduces time-consuming interruptions. TrendSecure, a set of online services, provides extended protection, at home or on the go.

### ***New and Improved Features***

#### **AntiVirus Security**

Detects and removes viruses and the latest threats from your emails, Internet downloads, removable media and PCs. Automatic updates immunize your system against the latest threats.

#### **Spyware Protection**

Blocks and removes spyware, adware, grayware, and root kits that hide deep inside your computer.

#### **Personal Firewall**

Intercepts hackers and network viruses trying to attack your computer and home network.

#### **Identity Theft Prevention**

Protects you from online phishing scams designed to steal credit card and bank account numbers. Configures easily and notifies you of the latest Web-site risk.

#### **Wireless Network Monitoring**

Safeguards against unauthorized users invading your wireless home network.

#### **Home Network Control**

Manages, configures and updates security for every PC on your network, with an easy-to-use management console.

#### **Household License**

Superior PC protection for up to 3 home or mobile computers.

#### **About Trend Micro**

Trend Micro Incorporated is a pioneer in secure content and threat management. Founded in 1988, Trend Micro provides individuals and organizations of all sizes with award-winning security software, hardware and services. With headquarters in Tokyo and operations in more than 30 countries, Trend Micro solutions are sold through corporate and value-added resellers and service providers worldwide. *Access Trend Micro Internet Security's powerful, ongoing protection through a simple, easy-to-use interface.*

Trend Micro Internet Security + TrendSecure

Trend Micro Internet Security and TrendSecure are the perfect combination, providing powerful and effective protection against viruses and other Internet security threats. Every subscription to Internet Security comes with FREE access to TrendSecure, online security tools that are always being updated and expanded. It currently includes Remote File Lock™ and Trend Micro Mobile Security, as well as the free online tools HouseCall™ and Transaction Guard™.

- HouseCall scans and cleans PC's of viruses. It also scans for Windows™ Security vulnerabilities.
- Transaction Guard protects your online transactions conducted at Internet Cafes or other public wireless hotspots.
- Remote File Lock safeguards your private files, in case your laptop is lost or stolen.
- Trend Micro Mobile Security protects your cell phone against viruses and other threats.

Why you should use Trend Micro Internet Security 2007

- Robust Detection and Protection
- Unique Identity Protection
- Extraordinary Customer Care

Subscription options:

- 12 months =\$49.95, 24 months =\$84.95, 36 months =\$119.95.
- PC-cillin users with current subscriptions can upgrade to Trend Micro Internet Security 2007 valid licenses, for their subscription duration.

Industry Experts Say...

"It produces less of a drag on system performance, and PC-cillin users get free phone support – a rarity in the industry. PC-cillin Internet Suite packs an impressive arsenal of security weapons."

CNET, January 2006

"Trend Micro PC-cillin is slick, integrated and very user friendly."

Netguide Best in Test, July 2006

"It is in a class by itself in terms of performance and efficiency . . . It is offered at a low price compared to similar products that do less."

Identity Theft Spy, February 2006

"Trend Micro's PC-cillin Internet Security is the most feature packed solution in the market today."

Hardware Zone, May 2006
